Supporting tools

Public Participation

- Easier said than done!
- Who to involve? At what stage? Level of engagement?
- Challenge of raising people's false expectations
- Approach? Trend towards use of social media

Access to Information

- Bound by national laws: How to interpret national laws and apply them at the national level?
- What info to make accessible? what is the target audience? through what means?
- Trend towards digitization
- Partnerships are very important (private sector, donors, NGOs)

- Toolkit useful tools and training resources for each step using examples from the two chapters
 - Learn to transfer the Toolkit to local contexts for local application
